

Paul Coverdell Forensic Science Improvement Grant Program Annual Reporting Requirement

1. Please provide a summary and assessment of the program carried out with the fiscal year funding including a comparison of pre-grant and post-grant forensic science capabilities.
2. Average number of days between submission of a sample to a forensic science laboratory system in the State operated by the State or by a unit of local government and the delivery of test results to the requesting office or agency.
3. Identification of the number and type of cases currently accepted by the forensic science laboratory or forensic science laboratory system.
4. Please provide information regarding any allegations of serious negligence or misconduct substantially affecting the integrity of forensic results received during the award, including any extensions approved by OCJS.

Please submit this report when the final QSR is submitted, or at the close of your program. All reports can be sent directly to me and/or your grant coordinator.
