The Edward Byrne Memorial Justice Assistance Grant program was established by passage of the fiscal year 2005 omnibus spending measure. The program is federally administered by the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance. JAG funds are designed to allow states, tribes, and local governments to support a broad range of activities to prevent and control crime based on their own local needs and conditions.

## **OCJS AND JAG**

The Ohio Office of Criminal Justice Services (OCJS) is a division of the Ohio Department of Public Safety. By statute, OCJS is the lead justice planning and assistance office for the state, administering millions of dollars in state and federal criminal justice funding every year. OCJS also evaluates programs and develops technology, training, and products for criminal justice professionals and communities. OCJS has been designated by Governor John R. Kasich to administer the FY 2012 Edward Byrne Memorial Justice Assistance Grant (JAG) program.

Proposed to streamline justice funding and grant administration, the JAG Program allows states, tribes and local governments to support a broad range of activities to prevent and control crime based on their own local needs and conditions. JAG blends the previous Byrne Formula and Local Law Enforcement Block Grant programs to provide agencies with the flexibility to prioritize and place justice funds where they are needed most.

In 2012 OCJS will begin implementing its strategic plan. The process of developing a strategic plan began in 2011 and OCJS conducted a series of interviews with key stakeholders, conducted a survey completed by many criminal justice professionals and hosted a strategic planning conference to gain the insight of a diverse group of people within the criminal justice community. Through these methods OCJS has developed an action plan to implement various components of its strategic plan. These action items include identifying priority areas for funding and encouraging projects to use evidence-based practices in the programs that are funded. These priorities as well as guides to evidence-based practices for OCJS's funding areas are outlined in the Goals, Priorities and Requirements section of this document. **Please read this section carefully as some OCJS's Program Areas and Goals, Priorities and Requirements have changed for 2012.**

## **WHAT TO EXPECT**

**Application.** For technical assistance on any part of the JAG application, call OCJS at: 614.466.7782 and ask to speak to your Grants Coordinator.

Regional Contacts: <http://www.ocjs.ohio.gov/grants.stm>

**Review.** JAG proposals will be competitively reviewed by OCJS staff and outside external criminal justice professionals. Internal compliance reviews are conducted and consist of reviewing the timeliness of financial and programmatic reporting. Project budgets will be reviewed to assure that costs are allowable and directly relate to the program. Final funding recommendations are made by the OCJS Executive Director.

**\*Peer Grant Reviewer.** OCJS encourages applicants to identify the name of a qualified professional who may have an interest in participating as a peer grant reviewer. Participating as a peer grant reviewer is an important role, and provides an excellent opportunity for participants to strengthen grant writing skills, and gain knowledge or share programmatic best practices occurring throughout the field. Confirmation of reviewers will be based upon the number of applications that are received, availability, and other aspects related to coordinating review teams.

To register as a grant reviewer please visit [www.surveymonkey.com/s/OCJSpeerreview](http://www.surveymonkey.com/s/OCJSpeerreview).

**Award.** Projects will be notified and required to complete all forms and pre award conditions electronically through the grants management system. Prior to funding, grantees will receive orientation information regarding funding conditions and grant management strategies. **All awards will be for 12 months of funding, operating from January 1, 2013 through December 31, 2013.**

## **ELIGIBLE APPLICANTS**

All JAG applicants must have an organization, or subgrantee, that will serve as the fiduciary agent and assume overall responsibility for the grant. Eligible JAG subgrantees include:

1. A unit of local government or council of governments. A unit of local government has legislative autonomy, jurisdiction, and authority to act in certain circumstances. Units of government include a city, county, township, or village. If two or more jointly apply, they must designate one body to take the lead role and identify that agency's fiscal officer, or
2. State agencies, state-supported universities, or
3. Statewide and local nonprofit or faith-based associations. Projects implemented by courts, law enforcement agencies, and mental health boards may not act as their own subgrantees.
4. Law enforcement agencies applying under this solicitation must be in compliance with crime statistics reporting, using either the Ohio Incident-Based Reporting Summary System or Uniform Crime Reporting Summary System, per Ohio Revised Code Section 5502.62(C)(6).

## **APPLICANT TRAINING**

OCJS will host a voluntary Grant Bidder's Conference on May 4, 2012 from 9 a.m. to noon at the Ohio Department of Transportation building located at 1980 W. Broad Street, Columbus, Ohio, in the auditorium. The Bidder's conference will discuss the application process and provide detailed information that will be useful in preparing a Justice Assistance Grant (JAG) and/or Violence Against Women Act (VAWA) grant application. Individuals interested in attending must register for the Bidder's Conference. Changes to the scoring matrix will be addressed at the training. **Registration is required for attendance to the Bidder's Conference and space is limited.** Please visit <http://www.surveymonkey.com/s/BiddersConference> to register.

**No funding can be used to purchase food and/or beverages for any meeting, conference, training, or other event. Exceptions to this restriction may be made only in cases where such sustenance is not otherwise available (i.e., extremely remote areas), or where a special presentation at a conference requires a plenary address where there is no other time for sustenance to be attained.**

Such an exception would require prior approval. This restriction does not apply to water provided at no cost, but does apply to any and all other refreshments, regardless of the size or nature of the meeting. Additionally, this restriction does not impact direct payment of per diem amounts to individuals in a travel status under your organization's travel policy.

**STEP DOWN AND MATCH**

All projects that have previously received JAG funding, with the exception of 2009 American Recovery and Reinvestment Act JAG projects, can be considered continuation projects. Although, for fiscal year 2012 all projects will be considered to be in the year 1 step-down phase and will receive 75% of project costs in federal funding and provide 25% in matching funds. A01 Multi-Jurisdictional Task Forces are not subject to step down funding. Step-down funding follows these guidelines: an eligible project may apply for 75% of its total operating cost for the first two years. The local match requirement is 25%. For the third year of funding, the project can only request 50% of its total project operating cost and must then provide 50% match. For the fourth year of funding, the project can only request 25% of the project and must provide 75% match. The following is an example of the four-year step-down cycle.

Example: First Year	Total Project Cost =	\$20,000
	75% Federal Share =	\$15,000
	25% Local Match =	\$5,000
 Example: Second Year	Total Project Cost =	\$20,000
	75% Federal Share =	\$15,000
	25% Local Match =	\$5,000
 Example: Third Year	Total Project Cost =	\$20,000
	50% Federal Share =	\$10,000
	50% Local Match =	\$10,000
 Example: First Year	Total Project Cost =	\$20,000
	25% Federal Share =	\$5,000
	75% Local Match =	\$15,000

**Cash Match**

- State or local budget items or appropriations identified as binding commitments of project match
- Funds contributed from private sources, like corporate or private donations
- Funds from the Housing and Community Development Act of 1974, 42 U.S.C. 5305, et. seq.
- Funds from the Appalachian Regional Development Act
- Project income

**In-Kind Match**

- Donations of expendable equipment, supplies, workshop or classroom materials, work space
- Monetary value of time contributed by professional, technical, skilled, or unskilled personnel if services are an integral and necessary part of the project

Due to the effects of the economy the match portion may be waived. When submitting your application please upload a match waiver request as an attachment to your application. **Please note, when applying online cash match must be entered in the budget section, but you can request to have match waived through an uploaded attachment. NOTE: The waiver can be uploaded in the Collaboration portion of the application forms.**

## **2012 JAG LE**

Please note that a **separate** JAG solicitation will be released October 1, 2012. This year JAG LE projects will complete online applications via the [www.OCJSgrants.com](http://www.OCJSgrants.com) website. This grant application will focus on traditionally allowable costs under the original Local Law Enforcement Block Grant, and will be referred to as **JAG LE**. This program will fund projects that reduce crime, increase public safety, and support the Ohio Incident-Based Reporting System (OIBRS). OIBRS is a crime reporting system that allows law enforcement agencies to submit data directly to state and federal government in an automated format.

Law enforcement agencies applying under this solicitation must be in compliance with crime statistics reporting, using either the Ohio Incident-Based Reporting Summary System or Uniform Crime Reporting Summary System, per Ohio Revised Code Section 5502.62(C)(6).

Programs under criminal justice departments that are consistently reporting crime statistics are the only law enforcement agencies eligible for OCJS funding pursuant to Ohio law. Ohio law requires all law enforcement agencies to report their crime statistics in order to be eligible for criminal justice grants from OCJS.

Funds will be used for:

- Hiring, training, and employing on a continuing basis new, additional law enforcement officers and necessary support personnel.
- Paying overtime to employed law enforcement officers and necessary support personnel for the purposes of increasing the number of hours worked by such personnel.
- Procuring equipment, computer technology, and other materials directly related to law enforcement functions. Allowable costs include equipment needed to implement OIBRS. Funding OIBRS projects will be required to report OIBRS data within a specified time after completion of the subgrant, and the records management system vendor must be an Ohio certified OIBRS vendor.

Seven-month awards will be issued from February 1, 2013 to August 31, 2013. Projects may request a maximum of \$20,000 of OCJS/JAG LE funds, and there will be a 10 percent cash match requirement on the total project cost. Due to the effects of the economy the match portion may be waived. When submitting your application please upload a match waiver request as an attachment to your application. Local law enforcement agencies are eligible to apply as the implementing agency. The unit of local government must serve as the official subgrantee (e.g., mayor or commissioner's office). Agencies are allowed to submit only one application. Agencies submitting multiple JAG LE applications will be deemed ineligible.

**If your agency will receive 2012 Edward Byrne Memorial Justice Assistance Grants directly from the U.S. Bureau of Justice Assistance, you will not be eligible to apply for this JAG LE solicitation through OCJS.**

# EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT (JAG) PROPOSAL NARRATIVE

## Problem Statement

Applicants should explain or clearly describe the problem or issue to be addressed, and its impact on the community. Application will be evaluated as to how effectively it:

- clearly describes the nature and scope of the problem. The development of the nature and scope of the problem should be data driven. The applicant will need to provide relevant national, state, and local level data/statistics, as well as agency statistics, to document and support the problem to be addressed.
- discusses short and long term consequences for the community if the problem identified is not addressed. More specifically, the applicant should discuss what will specifically happen to the community if the proposed project is not funded.
- clearly identifies the target population to be served through the grant program. Applicant is expected to describe and justify the identified target population, and provide specific demographic information on the target population, such as race, ethnicity, age, socioeconomic status, geography.
- identifies other resources in the community that are currently available to address the problem and explains why existing resources are not sufficient to address the problem. If no resources exist, applicant should discuss the gaps in services and link how the proposed project will help alleviate those gaps.

## Project Description

Applicants should describe a plan of action that the proposed project will implement in order to address the identified problem discussed in the problem statement. The application will be evaluated as to how effectively it:

- clearly describes the proposed activities and approach (i.e., model or practice) to be taken given the nature of the problem to be addressed. The approach should seem logical given the characteristics and needs of the identified target population.
- discusses the evidence that shows that the model or practice is effective with the target population. Documents the evidence that the model or practice chosen is (are) appropriate for the outcomes the program wants to achieve. Clearly justifies why the particular program model was selected for implementation. **Applicants should provide a detailed discussion on their plan to implement a model that is evidence-based or grounded in best practices of the field.** For more information on evidence-based practices, go to <http://www.ocjs.ohio.gov/ebp.stm>.
- clearly demonstrates how they will achieve fidelity to the best practice model being implemented. The applicant must provide adequate discussion of the necessary resources that are required to implement the approach or response outlined. The resources should be reasonable given the scope and detail of the identified approach.

## Project Objectives

Applicants should describe the outcomes or changes anticipated as a result of the proposed project. The achievement of the objectives should provide an outcome that reflects a measurable change for the target population due to the services offered by the program. Provide two objectives, with performance indicators and baseline numbers that further the goal of the selected Program Area. Application will be evaluated on how effectively it:

- clearly identifies project objectives (measured change as a result of implementing the proposed project)
- clearly identifies performance measures (how you will measure that change, what instruments and/or tools are to be used, etc.)
- clearly identifies any baseline data that exists.

EXAMPLE	<u>OBJECTIVE</u> Measure of change that will result from the proposed project during project period.	<u>PERFORMANCE INDICATOR</u> Information collected to document expected changes.	<u>BASELINE NUMBER</u> Number documenting what occurred during the past year.	<u>PERFORMANCE DATA COLLECTION</u> The method in which the data will be collected and the means by which it will be stored for later analysis.
EXAMPLE: OBJECTIVE (Increase)	Increase by 10 the number of crime prevention programs presented to residents in Cardinal County by December 31, 2012.	The number of crime prevention programs presented in Cardinal County.	Five crime prevention programs were presented to residents between January 1, 2011 and December 31, 2011.	Data on each crime prevention program (program description, program coordinator, target audience, date of program, number of attendees, etc.) will be documented by the program's coordinator as it occurs, and all programs will be captured in spreadsheet format so that calculations can be made across the programs for the grant period.
EXAMPLE: OBJECTIVE (Decrease)	Achieve a 25% reduction in recidivism among those successfully completing the program by December 31, 2012.	The numbers of new crimes or technical violations that program participants are charged with up to 12 months after discharge from the program.	20% reduction in recidivism as defined by new charges or technical violations was achieved between January 1, 2011 and December 31, 2011.	Program staff will receive a monthly report from the agency responsible for supervision documenting the number of new crimes or technical violations that participants are charged with. This information will be collected by program staff in a spreadsheet for ease of calculation for the grant period.
EXAMPLE: OBJECTIVE (Maintain)	Maintain the current level of client satisfaction with services being delivered between January 1, 2012 and December 31, 2012.	The level of client satisfaction as reported on the Client satisfaction survey administered upon termination from the program.	Participants reported a 95% satisfaction rate on delivered services between January 1, 2011 and December 31, 2011.	Program staff will distribute client satisfaction surveys to each program participant. Data will be collected from all returned surveys and these results will be entered into a spreadsheet for ease of calculation for the grant period.

- presents a comprehensive, thorough timeline that is well-defined and comprehensively specifies what will be done, who (individuals and organizations) will do it, and when it will be accomplished. Include activities such as anticipated collaboration board meetings, OCJS grant reporting deadlines and any other activities specific to the project. The timeline should be reasonable given the nature of the problem, the target population, and the approach/response discussed in earlier sections of the application.
- if applicable, include any other deliverables that will be created and/or used throughout the project.

**Organization and Staff Capacity**

Applicants should provide a comprehensive discussion of the history and accomplishments of the organization responsible for implementing the project. Identify any key staff that will be involved in the project, including the project director and other individuals who will be responsible for administering the grant and implementing the program. Application will be evaluated as to how effectively it:

- clearly identifies the mission of the agency that will serve as the subgrantee and/or implementing agency. The application should clearly demonstrate the capacity of the subgrantee and implementing

Collaboration Board Letters are uploaded as an attachment within the Collaboration Board section of the online application**
